12 TEAMS ENTERED

BASKET BALL TOURNAMENT AT NORMAL STARTS FRIDAY

TO PLAY FOR CUP TROPHY

Visitors Will Be Guests of Normal School—Commercial Club Members Will Aid in Their Entertainment

The following teams have been chosen to compete in the district high school basket ball tournament to be held here next Friday and Saturday: Benton of St. Joseph, Bethany, Excelsior Springs, Hamilton, King City, Maitland, New Hampton, Oregon, Pattonsburg, Richmond, Tarkio and Tina. Several others are expected before the entry lists close. The first eight of these teams have a percentage of more than .500 and are entitled to compete for the championship cup offered to the winners. The other teams are eligible to compete for tournament honors, but not for the trophy cup. These teams have not played the minimum of six association games.

The announcements of the teams entered was made by the president of the board of control, E. C. Duncan, of New Hampton. The other members of the board are: Superintendents R. C. Ross of Pattonsburg, A. A. Boyd of Albany and G. A. Beasley of Liberty.

Teams Guests of Normal.

Four teams were selected from subdistrict No. 2, as King City, New Hampton, Pattonsburg and Bethany all had a record better than .660. Subdistrict No. 1 gets three entrants, with Tarkio, Maitland and Oregon all holding a mark better than .600.

The tournament will be held under the auspices of the Fifth District Normal school and will be under the direction of Walter Hanson, head of athletics at the Normal school. The twelve visiting teams will be guests of the Normal school from the time they arrive in Maryville until they are eliminated from the tourney. Each team, however, must bear its own expenses to and from the meet. Hanson and another referee yet to be named will officiate in the various games.

All of the teams must be on hand at 8:30 Friday morning and the number system will be used to designate the opponents in the various rounds. It is probable that the teams will be so arranged that four will draw a bye in the first round, leaving eight teams in the second round, four in the semi-finals and two in the finals.

The board of control in charge named H. P. Swinehart, Maryville Normal, Walter Hanson, Maryville Normal, and L. H. Mann, sports editor, the St. Joseph Gazette, to select the first and second, all-champion team, from the fives which play in the tournament.

96 Men to Participate.

Ninety-six men will participate in the games and President Richardson has sent a letter to the superintendent of each school entered asking when the team would arrive. Headquarters will be at the Linville hotel and a committee composed of Mrs. A. R. Perrin, W. M. Wilson and Miss Beatrix Winn will be on hand to meet the players.

A Commercial Club committee of which H. L. Raines is chairman, will see that the visitors are met at the depots and taken to the hotel and every effort will be made to make their stay in Maryville pleasant. Secretary E. M. Claypool of the Commercial Club will ask the business men to decorate their stores and display flags.

GRASS FIRES DANGEROUS

Fire Department Made Two Runs Yesterday—Mrs. Messenger Painfully Burned

The fire department made two runs yesterday, both being caused by burning grass and trash. The first one in the morning was near the Jefferson school and no damage was done. The second, about four o'clock in the afternoon, was at the home of Mrs. C. W. Messenger on East Edwards street. A grass fire burned the fence posts from about the property and destroyed some fruit trees. Mrs. Messenger, in attempting to keep the fire from reaching the barn, was painfully burned about the hands and face.

Chief Rowley of the fire department warns against trash and grass fires, pointing out that with everything dry the blaze quickly spreads and is likely to get beyond control, especially with any wind blowing.

The Maryville Commercial Club affords an opportunity for the meeting and mingling of business men and professional men for the mutual advantage of themselves and Maryville.

The drive will end tonight and the indications are that the goal of fifty new members will be passed by a goodly number.

NORMALS IN SECOND PLACE

Pennant in State Inter-collegiate Basket Ball Race Goes to Central Wesleyans

FARM LABOR BUREAU BUSY

Employment Department of Commercial Club Finds Quick Response to Offer to Place Help

The farm employment department recently established by the Commercial Club is having about as much as it can attend to and the number of registrants for places and those who want farm hands is growing every day. So far more farmers have asked to be helped to secure labor than there are hands to go around, the scarcity of farm help being one of the big problems the farmers will have to contend with this year.

With the close of school, however, and even before, as many boys are planning on quitting school before the term ends, the situation promises to be relieved to some extent. It does not take long for any one looking for farm work to be put in communication with a farmer who needs help. The Commercial Club offers the service to both parties free.

NAB 4 GERMAN SPIES

FOUND CODE MESSAGES

Quartette Had Been Under Surveillance for Two Weeks — Get Presidential Warrants

Special to The Democrat-Forum.

New York, Mar. 19. — Presidential warrants for the deportation of the baron and baroness De Beville, Count Robert De Clairmont and Madam Elizabeth Charlotte Nix, four so-called "master spies," arrested last evening, were received by the authorities here today. The destination of the subjects is not announced.

The four spy suspects have been under surveillance for several weeks, but not until two of them, a woman styling herself Mme. Despina Davidovitch Storch, and an associate designated as Baron Henri DeBeville, departed for Cuba one week ago after a mysterious 2-day junket to Washington, did the authorities consider their apprehension advisable.

The other two suspects are known as Mme. Elizabeth Charlotte Nix and Count Robert de Clairmont. Count de Clairmont, the authorities say, was frequently seen in the company of Edmund Rousselot Castillot, erstwhile fifteen-dollar-a-week telephone clerk, who, posing as the Marquis de Castillt, opened negotiations with J. P. Morgan & Co., several weeks ago for a loan of 50 million dollars for King Alfonso of Spain, of whom he claimed to be a personal representative.

When Mme. Storch and Baron de Beville were taken into custody at Key West a half bushel basket of papers was seized from a safe deposit box in this city which one of them had rented. A number of cable messages in code were among these papers.

It was only possible to secure his services for one day in this county and it is urged that as many as possible hear him at these meetings. He will show illustrated pictures devoted to the subject about which he talks. PRISONERS ARE MENACE

Supreme War Council Condemns Germany's Political Crimes Against Russia — Issues Statement

Copenhagen, March 19. — Fighting for control of the trans-Siberian railroad at the point where it starts at the southern shore of Lake Baikan in mid-Siberia is in progress, according to information received here. The anti Bolsheviki forces are outnumbered and it is estimated that nearly 150,000 German and Austrian prisoners are to the east and west of the lake.

London, March 19.—Reports of Japanese casualties in the clash with Bolsheviki in Siberia last Tuesday were greatly exaggerated, according to a dispatch from a Chinese source today. According to the dispatch not more than one or two Japanese were killed with several wounded.

The supreme war council of the Allies issued a statement last night condemning German political crimes against the Russian and Rumanian peoples and refusing to acknowledge Germany's peace treaties with them and also declaring:

"We are fighting and mean to continue fighting, in order to finish once for all with this policy of plunder and establish in its place the peaceful reign of organized justice."

Sec. Claypool's Statement.

Editor of the Maryville Tribune:

It has been called to my attention that I was in error in certain statements which appeared in your paper Saturday, March 16, with regard to the National Surgical Dressings committee of New York City. Information upon which I based these statements may be said to have been technically incorrect. It seems that certain members of the original committee are working in harmony with the Red Cross. However, local officers inform me that they have no knowledge of the appeal made for aid through the sale of pencils. There was no intention to reflect upon any individual or upon work done by local units.

A Wonderful Machine

The balance of your watch makes 157,680,000 revolutions per year. Measured by distance it would be equivalent to several thousand miles. Few machines are capable of such constant action without a complete breakdown.

To approach such performance any machine would need considerable care. It would be necessary to keep it constantly oiled, and perfectly clean to prevent friction.

Then, also, every part that began to show wear would have to be replaced.

A watch don't need that much attention, but it DOES need reasonable care and it don't pay to let it go until the delicate mechanism is worn out.

Have your watch inspected by an expert watch maker and if it needs cleaning, oiling, or repairing, have it done before it is too late.

Try Making Your Own Cough Remedy

You can save about $2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2½ ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for $2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Cutting Prices

We have proved our idea that many people think price quoting is PRICE CUTTING.

We have quoted prices in our ads two different times lately, and we have been accused of CUTTING PRICES.

As a matter of fact, we have quoted the same prices in these ads that we charge to EVERYBODY EVERY DAY.

We have never had any "BARGAINS" in meat. Our prices have always been as low as we could sell at and make a living. If there is ever a change it is on account of the change in the WHOLESALE price.

OUR PRICES are about the same as any market that sells good meat that it has to pay real money for—there isn't much difference in the price, but for quality, cleanliness and service we won't take our hat off to anybody.

Need Help to Pass the Crisis Safely—Proof that Lydia E. Pinkham's Vegetable Compound Can be Relied Upon.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms, I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and all the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 S. Orchade St., Urbana, Ill.
